Dear Mr. Cardwell:

On March 11, 2010, the Division of Waste Management, Solid Waste Section, received correspondence from your attorney, Ms. Allison Edgar with Parker Poe, in response to the Notice of Violation issued on January 8, 2010 for the subject site. Based on the information and affidavits provided, the request for certification of closure and recordation for this site required in the Notice of Violation is no longer required. Unless future information is provided to indicate that coal combustion by-products was used as structural fill on any portion of the property, this matter is considered resolved.

If you have any questions regarding this matter, please contact me at (704) 235-2160 or by e-mail at teresa.bradford@ncdenr.gov.

Sincerely,

Teresa N. Bradford
